Grandview Palos Verdes Installs Trade-Up Plan

A new "trade-up" plan at Grandview Palos Verdes and West Palos Verdes Estates has won immediate popularity, reports William C. Kulow, director of sales for the two luxury peninsula communities.

Since its institution five weeks ago, Kulow said, a third of all home sales have been through trades.

Trades are for occupancy of recently completed homes in Grandview's Bay View Section, or for a choice of a home under construction in either project.

"What makes this plan attractive," Kulow explained, "is the ability of Grandview Building Company to obtain maximum value for the present home at less cost than an individual home owner can. Grandview's resources enable it to speedily renovate and refinance where that is desirable."

Free appraisals are quickly given, he added. Grandview offers 12 floor plans, with two bedrooms and den, three and four bedrooms and family room, and interior living space up to 1,824 square feet, priced fully from \$25,050. All plans include two baths, double garages, custom-designed fireplaces and landscaping. Nine furnished model homes may be reached via Crenshaw Blvd. to Silver Spur Road and right to Hawthorne Blvd.

To reach West Palos Verdes Estates, continue south on Hawthorne to the ocean-view junction with Palos Verdes Drive West. Priced from \$36,400, these spacious homes contain three and four bedrooms and family room, two and three baths, with interior living space up to 2,127 square feet.

Among the many features are hobby rooms in garages, entry courts, intercom with FM and AM radio, cement patios and perimeter heating systems. Kitchens provide built-in deluxe gas ranges and ovens and automatic dishwashers.

The newly-appointed chairman for the Red Cross fund campaign for the coming year will be Fred Mill, National Supply Co., 1524 Border Ave.
